

An almost complete unused and used collection of the stamps of the Cuban Republic from 1902 to 1958.

Really two collections in one: one unused and another one used.

Mounted on black stock pages without hinges in two ring binders. Extremely clean and generally high quality material. The unused stamps are all original gum and most are lightly hinged or mint never hinged except for the early issues which may have some hinge remnants--normal for that period.

Total Scott Catalog Value = \$3799.13. Offered at \$2300

Alternatively, you may purchase the 1941-1958 part of the collection for \$1300.

Colección casi completa de sellos sin usar y usados de la República de Cuba desde 1902 hasta 1958.

En realidad son dos colecciones: una de sellos en nuevo y otra usados.

Montada en paginas de stock negras sin charnelas en dos carpetas de tres argollas. Colección muy limpia y de material de gran calidad. Todos los sellos sin usar tienen goma original y la mayoría tienen marcas muy ligeras de charnelas o fijasellos o tienen goma virgen con la posible excepción de los sellos de las primeras emisiones que pueden tener algunos restos de charnela o fijasellos como es de esperar para ese período.

Valor Catálogo Scott 2016 = \$3799.13. Se ofrece en \$2300.

Alternativamente, puede comprar la sección de 1941-1959 en \$1300.
